

TENANT HOUSE ON FARM BURNS

Seven-Room Structure Belonging to Mrs. Sanford Poston Destroyed at Loss of \$5,000

TENANT SUFFERS LOSS

William Emsweller Carried No Insurance on Household Goods—Daughter is Rescued

A seven room, story and a half tenant house, on the Mrs. Sanford Poston farm, 4 miles southeast of Rushville was destroyed this morning by fire, and practically all of the household goods, owned by William Emsweller, were burned, with a total loss estimated at \$5,000.

The origin of the blaze was unknown. It was discovered about 9:30 o'clock this morning by members of the Emsweller family, who were at home. The roof was in flames, and the dwelling burned rapidly, spreading to adjacent buildings, but not reaching a large barn.

The chemical truck from the fire station here went to the farm, and aided in keeping the flames from spreading. Most of the household goods were burned, because of the rapid headway that the flames made. Mr. Emsweller's loss was total, and he estimated it at \$1,000, as his insurance policy had lapsed. Mrs. Poston carried insurance, but the loss will only be partially covered, and she estimated her loss at \$4,000.

Blanche Emsweller, a daughter of the occupant, was barely saved, as she made an effort to recover some of her belongings in an upstairs room, and was enveloped in flames when rescued. The fire attracted many people from this city and the surrounding country.

SERIOUS FIRE IS AVERTED

Ray Carter of Falmouth Discovers Wash House on Fire

A disastrous fire was narrowly averted in Falmouth Wednesday noon when Ray Carter discovered a wash house close to the dwelling of Oliver Carson in flames. Mr. Carter and Mr. Carson, who was immediately notified, succeeded in putting out the fire before very great damage was done.

Mr. Carter, who is a neighbor of the Carson family, was leaving his house when he saw the flames in the wash house. Mr. and Mrs. Carson and family were eating dinner and had no knowledge of the fire, which started from an overheated oil stove. With a start of a few minutes more, the Carson home would have been set on fire, it is believed.

Burning Trash Fires Barn

Sparks from a trash pile burning in an alley at the rear of Jesse McDaniel's residence, 644 North Sexton street, set fire to a barn, shortly before noon today. A neighbor extinguished the blaze with a garden hose, before the arrival of the fire department, which answered an alarm sent in from box 142, corner Eighth and Jackson streets. No damage resulted.

OFFICE TO BE KEPT OPEN

County Treasurer Announces Plans For Close of Season

The county treasurer's office will be open next Saturday night and also one week from Saturday night and Monday night, May 7, for the convenience of taxpayers who are unable to pay their taxes any other time. It is customary for the office to remain open a few nights near the close of the taxpaying period.

Tax collections on the spring installment amounted to \$224,386.82 up to the beginning of business today, collections during the past two days having totaled \$17,313.25. The sum of approximately \$510,000 is due on the spring installment, leaving about \$286,000 yet to be paid. With ten days of the taxpaying period left, collections will have to average \$28,600 if the taxes are all paid.

EIGHT WILL RECEIVE DIPLOMAS AT MANILLA

High School Commencement Will Be Held At School Building—New Salem Tonight

ARLINGTON FRIDAY NIGHT

The Manilla high school commencement will be held on Monday night in the school auditorium, at which time eight seniors will be graduated. The address will be delivered by Mr. Stout, Indianapolis lyceum speaker. The graduates are Maurice Abel, America Brown, Flora Edwards, Guy Gahmer, Vaughn Hutchins, Carrie John, Ruth Mull, and Blanche Wicker.

The commencement exercises for the Arlington high school will be held Friday night in the gymnasium building, at which time ten seniors will receive diplomas. The Rev. W. H. Book, of Columbus, Ind., will deliver the address and Birney Farthing, the county superintendent will deliver the diplomas.

Tonight the commencement for the New Salem high school will be held, four seniors comprising the graduates from this school. David K. Stewart of Edinburg will deliver the address. On next Tuesday evening the Webb commencement will be held at the school building and the baccalaureate sermon for this school will be delivered Sunday evening at 7:30 o'clock at the Pleasant Ridge M. E. church.

PARK BOARD LAYS OUT ITS PROGRAM

Plans To Employ Caretaker To Be Engaged Steadily All Summer In Beautifying Place

IMPROVEMENTS ARE PLANNED

Tennis Courts Will Be Put In Condition And More May Be Added—Playground For Children

The city park board, which has never been able to function up to this time because of the lack of funds has decided to employ a caretaker at the park for the summer and to make some improvements there it became known today. A tax levy by the city council last fall will yield \$1,500, the first installment of which will be available in June.

The board has decided to engage a man to work at the park all the time to keep the grass mowed and the place looking spic and span all the time.

The playground equipment which has been stored for the winter will be put up and other pieces of equipment for the use of children may be added, since an employee of the city will be on hands at all times to protect the property against destruction, such as former playground equipment suffered, due to lack of supervision at the park.

The park board plans to run a water line to the tennis courts and tourists' camp in the northern part of the park, so that the courts may be put in condition and that running water will be available for automobile tourists who wish to spend the night at the park. The camp was equipped last summer with floors for tents and an oven.

There are two courts at the park which can be put in condition in a few days and a third court, which was started last summer, will be completed. A fourth one may be Continued on Page Two

SAFETY SAM

Looks like there was danger enough in stealin' rides on freight trains, without 't' one o' gettin' pinched, shanghaied an' whipped 't' death!

FUTILITY

CENTER TOWNSHIP MEN ARE GUESTS

Ten Representative Citizens Entertained By Kiwanis Club As Part Of Community Program

WELCOMED BY R. E. MANSFIELD

Bert Benner, President Of Mays National Bank, Responds And Assures Club Of Friendly Feeling

Today was Center township guest day at the Kiwanis club luncheon, when ten residents from that township attended the meeting, which is the second of a series to be held during which all townships will have a place on the guest list.

Robert E. Mansfield of the local club sounded the keynote by welcoming the visitors, explaining the real purpose of entertaining them, and the visitors were represented by Bert Benner, president of the Mays National bank, of Center township.

The other nine guests from that township were J. E. Kirkpatrick, Walter Bitner, Orville Brooks, Charles M. Trowbridge, Frank Haddeson, Charles McBride, Al Reeves, Paul E. McDaniel and Bringer Truitt.

Mr. Mansfield welcomed the guests, stating that the club had made it a point to entertain representatives from each township, once each month, and that Anderson township was entertained a month ago. The purpose of such meetings is for the township people to become better acquainted with the Rushville people, which in turn may help cement the relationships between the units.

Mr. Mansfield referred to the city of Rushville as being the parent, because it was the county seat and the twelve townships were referred to as children. In this manner, the entire county would be a family in itself, and he urged that the townships should regard the relationship in a friendly manner, and look toward Rushville as being the parent.

He assured the visitors from Center township that Rushville regarded them as their "children", and by uniting their efforts, and all work toward one goal, that the spirit would soon develop into the community spirit, which is the real purpose of the Kiwanis program.

Mr. Benner, who spoke briefly for the visitors, assured the club that he was speaking for the entire township, and that he felt sure that the community in which he resided Continued on Page Two

RULES IN WEST-WEBB CASE

Judge Sparks Decides Administratrix Made Excessive Payments

Judge Sparks this morning entered a decision in the case heard this week in court of Vina West, administratrix, against Bennett Webb, in which exceptions to the final report were filed. The court's decision stated that the administratrix would be allowed \$75, and her attorney \$100. The administratrix was ordered to pay the amount that she overpaid Dr. Shanck and also the excess she paid Pisco Brothers, while acting as administratrix of the estate. The costs in the case were also placed against the administratrix.

The evidence in the matter disclosed that the administratrix had paid funds in excess of the amount of money on hand and which required the selling of property to pay debts.

WATSON WILL BE FOES SPOKESMAN

Indiana Senator to Reply to President Harding's International Court Speech Friday

WILL SPEAK AT PITTSBURG

"I Am Going to Jump All Over The League of Nations," He Says—Shows Harding His Speech

(By United Press)
Washington, April 26—Republican foe of President Harding's world court plan will reply to his challenge flung at them in his New York speech.

Their spokesman will be Senator Watson, of Indiana, one of those most disturbed over Harding's advocating of American membership in the court. Watson will voice the answer of the republican malcontents in a speech before the Americans Club, a republican organization, in Pittsburgh tomorrow night.

Watson and Senator Lodge went over the reply to Harding today. Watson who disavowed any intention of "getting mad" over the issue also showed his speech to the president at the White House.

"I am going to jump all over the league of nations," Watson replied when asked to indicate the nature of his reply to the president. Lodge meanwhile kept secret and Continued on Page Two

NEXT WEEK TO BE "CLEAN-UP WEEK"

Mayor Walter R. Thomas Announces That He Will Issue Proclamation to That Effect

AN APPEAL TO RESIDENTS

Urged to Make Their Premises Spic and Span—City Wagons to Collect Winter's Debris

Next week has been officially declared as "Clean-up Week" in Rushville by Mayor Walter R. Thomas, who stated today that he would issue a proclamation to that effect. It has been an annual custom followed in this city for years.

During the week, people are urged to clean up their premises of all rubbish, burn what trash can be burned, and the city will haul off tin cans, glassware and other trash accumulations that are placed in containers or bags.

Back yards and front yards are included in the spring clean-up of the premises, and people who live on alleys should spend a few minutes in cleaning up these places, and assist in beautifying the city.

The city wagons will start on their collection on Wednesday, and continue until all alleys have been gone over. All things to be hauled off must be placed in bags, boxes or some kind of a container. The city will not haul piles of trash unless it is enclosed.

The city wagons will not haul off things than can be burned. Tree limbs, ashes and such articles will not be handled, and property owners must get rid of them in some other manner, as has been the custom in previous years.

The city wagons will cover a route to be designated by A. J. Farthing, city street commissioner, who will be in personal charge of the routing and collections, and who will designate routes by the first of next week. The first two days will be given over to the people as cleaning up time, and the rest of the week will be required in covering the territory and gathering up the trash.

People are also warned by Fire Chief Joe Williamson, to use care in burning the trash, in order to prevent fires from reaching barns and buildings, and in any case where fires should reach buildings, the department should be summoned at once, and the necessary precautions taken.

GYPSY BAND CHASED BY A MILROY POSSE

Caught At Brookville And One Of Women Is Fined \$25 And Costs In Circuit Court

COMPELLED TO RETURN MONEY

The band of gypsies that left a trail across southern Rush county early this week came to grief at Brookville through the activity of the Milroy Horse Thief Detective association, members of which gave chase when the gypsies obtained money from Monroe Gloschen and attempted to cheat other residents of the town.

Lena Mitchell, a member of the band, was fined \$25 and costs by Judge Tague of the Franklin county circuit court when arraigned at Brookville, having been trailed to Brookville by the Milroy constables.

She also was forced to pay back \$41.10 to citizens of Milroy, Laurel, Metamore and Brookville before she was released from custody. Mr. Gloschen received \$12.00. The gypsy band, composed of about 60 people traveling in nine automobiles, was ordered to leave Brookville and prohibited from returning in the future.

The woman was alleged to have obtained money by pretended fortune telling. Others in the party also were suspected of the same act as well as petty thievery and begging. After raising the money to pay back the citizens the gypsy band attempted to escape without paying the fine and costs. The Franklin county sheriff, who made the arrest of the woman, then arrested nine men and placed them in jail. They quickly changed their minds about payment of the fine.

PUBLISH AWARDS IN LATIN CONTEST

Papers Have Been Graded For District Contest Held April 6 at Richmond School

LOCAL SCHOOLS TOOK PART

Twenty Schools, Including Many From Here, Made Good Showing in The Three Divisions

Results of the sixth district Latin contest, held in Richmond on April 6, in which 20 schools were represented, have been announced, as the papers have been graded, and several Rush county scholars ranked well up in the list, although none of the local contestants reached first place in either of the three divisions.

In the first division, Mabel Kenner of Knightstown won first, which was for first year students; in the second division for more advanced students, Lucile McBane of Greenfield won first and in the third division for Caesar students, the honor went to Martha Righter of Richmond. The complete grading of all entrants has been announced and is as follows:

First Division
Mabel Keener, Knightstown, 98; Esther Weber, Greenfield, 96; Theodore Rowe, Fountain City, 94; Richard Creek, Liberty, 94; Martha Willis, Westland high school 93; Irene Baker, Mt. Comfort, 93; Margaret Nice, Richmond, 93 minus; Betty Wagner, Rushville 92; Mildred Billings, Gings, 92 minus; Clarice Ellingwood, Portville, 91; George Otto, Brookville, 88; Clyde Potenger, Milton, 88 minus; Alice Stanley, Economy, 85; Sylvia Tiffson, Williamsburg, 85 minus; Ralph Boggs, Brownsville, 84; Ruth Smith, Centerville, 84 minus; Grafton Milton, Shelbyville, 83; Edith Carson, Raleigh high school, 82; Evelyn Leming, Kennard, 80; Elsie Faulk, Charlottesville, 79; Beryl Wicker, Manilla, 79; Bernetha Odell, Mooreland, 79 minus; Helen Carmichael College Corner, 77; Mary Cloud, New Salem, 77; Voyle Ammerman, Cambridge City, 77; Mary Shaw, Milroy 70; Mary Seaneey, Boston, 69; Mildred Holbrook, Edinburg, 66; Reba Raymer, Fortville, 62; Mary Helen Saxon, Falmouth, 48.

Second Division
Lucile McBane, Greenfield, 97; Continued on Page Two

TAX VALUES ARE ON THE UP GRADE

Averages on Personal Property Now Being Assessed Generally Higher Than Last Year

REPORTS ARE INCOMPLETE

Automobiles and Hogs Are Only Exceptions, Showing Slight Loss—Final May Change Some

Assessments being placed on personal property in Rush county this year are averaging higher than the general average for last year, according to a comparison made by Earl F. Priest, Rush county assessor, who has averaged the valuations on the various items of personal property from reports made to him by the township assessors and their deputies.

The taxing period does not close until next Monday and it will be some time after that date before the average assessment values on all personal property in the county can be computed.

The averages announced by Mr. Priest include reports from township assessors up until near the middle of April.

Eight hundred and seven farmers were assessed on an average of \$189 for farm implements this year as compared with an average valuation of \$185.75 last year, the total number of farmers assessed by 1,342.

Although the report to date covers less than two-thirds of the automobiles in the county, the average assessment value of automobiles will be lower this year, due to the fact that the market for second-hand machines is very poor.

Fourteen hundred and ninety automobiles covered by the reports to the county assessor show an average tax value of \$262.33, whereas the average valuation last year was \$284.14, with 2,241 machines assessed.

The average tax value on horses to date is higher than last year, amounting to \$83.35 on the basis of 3,235 horses appraised. Last year the average value of 5,850 horses was \$78.50.

Mules are considerably higher at this time, although later reports may reduce the average. The average appraisement value of 359 is \$82 compared with \$64.45 last year, on the basis of 742 mules assessed.

Milk cows are also appraised higher, the average of 2,567 covered by the reports amounting to \$55.65. The 4,680 assessed last year averaged \$44.73 for taxation purposes.

Other cattle show a slight gain, the average assessment to date being \$31.70, on the basis of 2,241 covered in the reports. Last year the average valuation was \$29.75 with 4,869 assessed.

Sheep jumped from \$5.85 last year to \$7.50 this year, on the basis of 2,367 appraised up to the time the reports were made to the assessor. The average last year was computed on 4,749 sheep, the total number appraised in the county for taxation purposes.

If the present report is any criterion, the taxable value of sows will not change much. The average value of 9,476 included in the report this year is \$25.35 and last year the average for the whole assessment period on 15,166 was \$26.17.

TO RESTRAIN BLIND TIGERS

Orders Against Eighteen Alleged Terre Haute Operators Issued

Indianapolis, Ind., April 26.—Restraining orders against operation of what federal officials say are the most public and notorious blind tigers in Vigo county, were issued today by Judge A. B. Anderson in federal court.

Eighteen defendants said to be operators and owners of the places were named.

District Attorney Homer Elliott filed the suit under that part of the Volstead act which declared places where liquor is sold is a public nuisance.

Dennis Shea former sheriff of Vigo county was defendant.

The man with the HOE says—

Tall French Marigolds

While the dwarf French marigolds with their thickly massed foliage, studded with gorgeous double and single, orange, yellow, crimson, and mahogany-mottled flowers, have long been favorites, the tall French marigolds have been neglected for their sturdier and heavier growing relatives, the African marigolds, which have nothing like the range of color found in the French.

The tall French varieties make beautiful plants and have the advantage over the dwarf section in giving flowers with stems long enough to cut for bouquets. The

dwarf-type flowers are so close to the foliage that it is difficult to cut them without disfiguring and mutilating the plant.

These marigolds are at their best in the cool days of fall, when they take on unusually brilliant colors. The dwarf French used as a border for the tall French or the tall African make a gorgeous bed. A planting of the tall African varieties with their heavy heads of lemon, canary and brilliant orange, and a few of the tall French sorts, make a fine combination.

Then the bed can be finished off with the baby marigold. Tagetes signata pumila, a tiny little bush about six to eight inches high, with a ferny foliage, studded with brilliant yellow miniature flowers, makes an ideal edging plant.

Columbus—Two fires at the home of William Jolly are believed to have been caused by fire bugs.

MICHIGAN CITY HAS BIG BUILDING PLANS

Industrial Boom To City Brings House Shortage With Relief Movement Under Way

500 DWELLINGS PLANNED

Michigan City, Ind., April 26.—The largest housing movement so far announced this year in Indiana is believed to be that for Michigan City which is making preliminary plans for the erection of 500 dwellings to relieve the housing shortage. Industries here are short of men, and the opening in June of the big Sullivan Machine Company's plant seems certain to aggravate the housing situation.

The Chamber of Commerce here is receiving from 25 to 50 calls weekly from men who are seeking houses for their families, and Secretary Greenbaum says 300 houses would be rented almost immediately if they were available. Details for the erection of the 500 new dwellings have not been announced, but support has been promised by the heads of industries and business houses.

Banks and buildings and loan associations of the city also are expected to lend to home builders on payment plans. Many homes already are under construction, and more are projected in addition to the movement to finance construction of the 500 dwellings.

There also is prospect for much building being done this year at the lakes of northern Indiana. Several new cottages are being erected in the sand dunes along the Lake Michigan shore near here, and twenty new cottages have been built at Sheridan Beach in the last several weeks. A new hotel and a number of cottages are on the program at Lake Wawasee, where many Michigan City folks spent part of the summer.

RED STAR Vapor OIL STOVE

Operates 19 hours on a gallon of fuel

Even gas heat is possible from the cheapest grade of Kerosene or Gasoline.

FIVE MODELS

A size for every kitchen

The burners light on a scientific principle—instantly—like gas. The principle makes wicks or wick substitutes entirely unnecessary. There is nothing to learn—simply strike a match, light the burners and put the kettles on at once and the cooking begins.

No other stove uses or can use a wickless burner of this type. It is patented for the RED STAR exclusively. The fuel flows directly into the burner—Here the fuel is immediately mixed with the proper amount of air. As the gas and air mix in the burner, and come to the top of the burner, turning into a very hot flame.

This Is The Burner—No Wicks or Wick Substitutes

PERSONAL POINTS

—Mrs. Frank Fort and daughter Alma of Indianapolis spent today in this city on business and visited friends here.

—Mr. and Mrs. William Barker and son Billie of Knightstown spent today in this city on business and were the guests of friends.

—Mrs. J. E. Merrill of Indianapolis, formerly of this city, is spending a few days with Dr. and Mrs. Frank H. Green, and other relatives.

—Mr. and Mrs. Hugh E. Mauzy, Mrs. George Griesser, Mrs. Roy E. Harold and Mrs. Charles A. Mauzy motored to Bridgeport, Ind., today.

NEW DANCE RECORD

San Antonio, Texas, April 26.—A new record of 112 hours of continuous dancing was made here today by A. C. Watson. Watson began dancing at 7:30 o'clock Saturday night with seven other entries.

MISSING IN LIFE BOATS

London, April 26.—The entire passenger list and crew of the Portuguese mail boat which went aground off the African coast, is missing in life boats, according to a Lloyd's dispatch today.

TAX VALUES ARE ON THE UP GRADE

Continued from Page One

Other hogs average lower than the final average for last year, which was \$9.00 a head on 40,361 assessed. This year's average to date is \$7.70, with 31,759 covered in the assessors' reports.

Household goods are averaging higher this year than last, but this is believed due to the fact that pianos and other musical instruments are included under the general heading, whereas last year they were listed separately. Last year the average for households, with 3,510 listed for taxation, was \$207.23 and this year the average on 2,229 covered in the reports is \$247. Last year 696 pianos averaged \$96 each and other musical instruments to the number of 553 averaged \$56.73.

MELON ORDERS PROBE

Washington, April 26.—Secretary of the Treasury Mellon today ordered a sweeping investigation of alleged grafting and corruption among prohibition enforcement agents. New evidence has been laid before Mellon and he has turned it over to Internal Revenue Commissioner Blaire, with orders to act promptly.

THEATRES MOVIES

"Broad Daylight"—Mystic

Utilizing in many situations actual police and underworld atmosphere, "Broad Daylight" comes to the Mystic theatre Friday heralded as an authentic document of criminal life. It is a Universal photoplay of the all star type, directed by Irving Cummings. The players in it include Lois Wilson, prominent leading woman, Jack Mulhall, leading man of many more such specials, and Ralph Lewis, remembered for several characterizations like the one in "The Conquering Power," in which he was the respectable miser, Grand.

The story of "Broad Daylight" was written by two men of Los Angeles who studied crooks for many years before they took up writing for the screen. Harvey Gates and George W. Pyper are both men of wide newspaper experience, used to delving into the depths of darker social stars on news stories or in detective work.

Even lesser details of picture making are watched by Cummings in making an all star picture of this calibre. He chose for his camera artist on "Broad Daylight" William Fildew, the cinematographer associated with Tod Browning in the making of such Universal-Jewels starring Priscilla Dean as "Under Two Flags."

"Broad Daylight" is promised to be not only a fast moving plot but a story with a definite meaning.

At The Princess Again Today

Reginald Barker, director of big screen photodramas, has given photo play fans something new to enthuse over in his latest production, "Hearts Aflame," a Metro picture which was seen for the first time yesterday at the Princess Theatre and which remains again today. His staging of the magnificent forest fire scene was realistic to the extreme, and it supplied a thrill to the large audience which saw it.

Nothing as vivid and intense as this forest fire has yet been presented in photoplay form. The scene has been remarkably photographed; one can actually see the flames lick at the trees which rapidly give way before the conflagration. Wolves and bears, frightened from their hiding places, leap madly before the camera in an attempt to escape the devastating flames. And through the blazing forest, an old locomotive driven by a young girl, slowly makes its way in an attempt to reach a powder magazine.

Director Barker has not been satisfied to provide just this one big thrill in the picture. There are several others which, in other photoplays, would by themselves merit unusual attention. In this case they simply add to the tense excitement which prevails in the picture. One of these "minor" thrillers is the blowing up of a dam releasing thousands of logs which float down a river. Another is the dynamiting of a country hillside, preventing the spread of the fire.

Stylish Footwear

For Women and Children

at Popular Prices

In our complete stock of Spring and Summer Footwear, a variety of styles can be had for your choosing. These styles are shown in a big range of prices, allowing every purchaser to select styles at prices to fit the immediate need.

FLIGHT OF HIGH CULT OFFICIALS STOPPED

Several House of David Leaders Attempting to Flee in Face of Probe Are Captured

THREE MAKE THEIR ESCAPE

St. Joseph, Mich., April 26.—Flight of high officials of the House of David, following revelations of immorality among members of the colony was interrupted by Sheriff's deputies today.

Benjamin Hill, one of the "seven pillars" of the colony, accompanied by a "virgin" member, was taken into custody at Stevensville railroad station, seven miles south of here by Sheriff George Bridgeman.

The couple had checked several trunks and other baggage to Chicago. The sheriff believes Hill planned to join "King" Benjamin Purnell, ruler of the colony who has been missing since the first of the year.

Hill, and the woman were taken back to St. Joseph and held under guard at a hotel. The "pillar" promised to go before the investigation being conducted by Judge Harry Dingeman and reveal the inside workings of the cult.

The sheriff said he had information three other high officials of the cult had escaped during the night.

Clinton —Gypsies visiting here travelled in four expensive automobiles and two smaller ones.

WOMAN'S HEALTH RESTORED

She Claims Lydia E. Pinkham's Vegetable Compound Did It After Everything Else Failed

Milwaukee, Wisconsin. — "I feel that I ought to let you know about my case. I was ailing and could barely do my housework and washing I was so run-down, just from having one child. I took a lot of medicines and had doctors. Then I gave them all up and took Lydia E. Pinkham's Vegetable Compound and I feel wonderfully good now. I do everything that comes along, and we all take your medicine as a tonic when we don't feel just so. I am thankful for what the Vegetable Compound has done for my health and for my family." —Mrs. MARY SAIBCHECK, 944 28th Street, Milwaukee, Wisconsin.

Letters like these testify to the value of the Vegetable Compound. These women speak from the fullness of their hearts. They describe as correctly as they can their conditions: First, those symptoms that affected them most conspicuously; and later the disappearance of those symptoms. They are sincere expressions of gratitude. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

Indian Whose Profile Is On Nickel Turns Christian

Chicago, April 26.—The Indian whose profile adorns one side of the Buffalo Nickel has become a Christian.

Dr. E. E. Higely, who returned today from Browning, Mont., said Chief Two Guns White-eagle, a Blackfoot, who posed for the profile has renounced paganism and joined the Methodist church.

BODY MAY BE IN CRUDE BOX

Unopened on Protest of Attorneys Florida Prison Espionage Case

(By United Press)

Tallahassee, Fla., April 26.—A express box, found buried in the swamp land near Clara, was believed today to contain secrets of brutalities in a Florida convict camp.

The box, unopened on protest of attorneys—is believed to be the casket of Martin Tabert, North Dakota youth who died following an alleged flogging in the prison camp of the Putnam Lumber Company.

The boy's body expected to be mute evidence substantiating sickening accounts of the manner in which Tabert was killed on the ground by a boot dug in his neck while his back was whipped into a bloody pulp is sought in connection with the legislature's investigation of the state peonage system.

Indiana Briefs

Frankfort — Conscience-stricken thieves returned \$5 to Rev. George F. Francis and \$5 to Mrs. Carrie Waggoner, stolen years ago.

Kokomo — R. Arthur Horn told the circuit court his wife left him three days after they were married. A divorce was granted.

Anderson — Because her husband refused a promise to take her to Italy on their honeymoon, Mrs. Lena Haney was given a divorce.

Noblesville — An automobile driven by Dr. Joseph Miller of Muncie plunged through a wall into a hardware store. No one was hurt.

Lafayette — Benjamin Brown, Fountaine county farmer, was killed when a bull attacked him.

Muncie — This city may be supplied in the near future with artificial gas.

Shelbyville — A slander suit has been filed in Hancock county circuit against Miss Delia Yochem, teacher, by Scott Brandenburg. The suit resulted after Brandenburg attempted to discharge Miss Yochem.

Franklin — Federal and local officers found a 200 gallon still near Morgantown. William Haskell, 58, was charged with operating it.

SPIRITUAL WEAPONS—For the weapons of our warfare are not carnal, but mighty through God to the pulling down of strongholds.—2 Corinthians 10:4.

The Salvation Army

The Salvation Army is known best by its adherence to the principles laid down by its founder which can best be summarized by General Booth's statement: "Go for souls and go for the worst." The Salvation Army does this and it does it in a practical and efficient manner. But this quest for souls, which are the worst, has led it into many strange byways. It has taken it to the paths of the down-and-out. It has taken it among the ranks of the unfortunate women who are a prey to society and a liability to the community. The Army has taken these people and made business men from drunkards. It has made respected mothers from prostitutes. It has reformed criminals and it has made the world a much better place to live in but all the while the Salvation Army has worked in this field, and so long as it will work there, which is as long as the need exists, there has been and will be no adequate financial return for the expenditure of money.

The Salvation Army pours out itself and its funds. It can never be self-supporting as long as it continues to work where it does, where it is most needed. If the Salvation Army should stop its work tonight, this community would not be as safe a place to live in as it is now. There would be no place for unfortunate girls to go but the river. So the Salvation Army must have funds to continue. It has no source of income other than the general public. The funds derived from campaigns and collections do not do the Salvation Army one bit of good other than helping it expend these funds for the poor and deserving. The Salvation Army is a public servant. It does service work, reclamation and reformation work where no other agencies do. It does it for you and your community and in your name.

The life of the Salvation Army officer doing this kind of work is of necessity one continuous sacrifice. His salary is small, his opportunity to rise is limited and his future depends upon the appreciation of others. The sole beneficiaries of your efforts in this campaign are unfortunate men, unfortunate women, unfortunate children, and unfortunate families who are given an opportunity to become respectable members of society and tax payers, instead of tax consumers. Eminent authorities are responsible for the statement that the funds received by the Salvation Army for their work do not half equal the increase in taxes the cessation of its work would cause.

Then because the Salvation Army chooses to do work that must be done it automatically shuts itself off from all projects of self support.

Our Choice

Henry White, one of Mr. Wilson's peace commission, says that the present situation in Europe would not have occurred if the United States had consented to enter the league of nations. Probably not, but where would this country be now if we had entered? The energy that has made possible American prosperity would have been expended in keeping the nations of Europe from each other's throats, and our people

would have been taxed to death in maintaining a huge military police on alien soil. As between a contented America and a contented Europe, we prefer the former.

Tom Sims
SAYS

Baseball days are here again, the gladdest of the year; when many men drink soda pop, and wish it was beer.

Dancing yourself to death is very foolish. Almost as foolish as working yourself to death.

FIFTEEN YEARS
AGO TODAYFrom The Daily Republican
Monday April 27, 1908

Attorneys for Mrs. Coleman entered a motion in the Rush circuit court, asking that she be given a separate trial from Leslie Bundrant, on a charge of being implicated in the murder of her husband. Judge Sparks sustained the motion and Mrs. Coleman's trial will begin Tuesday morning.

The Laurel school will close next Wednesday and appropriate commencement exercises will make the occasion. Dr. Virgil Tevis, pastor of the St. Paul's M. E. church of this city, will deliver the address.

This morning about six o'clock Amos Winship was found in the north pedestrian walkway of the white bridge east of this city near the East Hill cemetery, with a bullet hole near his heart, which penetrated his body. He was in a dying condition when found by Henry Ramey, the colored attendant at the cemetery, but was still conscious and able to talk. Between gasps for breath he muttered to Ramey that as he came through the bridge shortly after four o'clock he saw a

figure approaching him and without a word passing a shot rang out and he fell to the floor of the bridge mortally wounded. It was found that he was enroute to the home of Jacob Shantz who lives in the first house east of Ramey, opposite the cemetery. Although the theory of suicide is the general consensus of opinion, the officers are following every clue that will substantiate the attempted murder story told by Winship.

Mrs. William M. Alexander of North Main street has left for a two month trip to San Francisco, California, where she will remain with friends. She hopes to arrive in the Golden Gate City in time to see the great fleet parade.

Wallace, the little son of Mr. and Mrs. Ed. Beer of west Fifth street has the whooping cough.

Thomas Hughes, the painter who removed to Egypt, Washington, a few months ago returned to this city to take up his residence again.

Mr. and Mrs. Charles Redden entertained at dinner Sunday Mr. and Mrs. William Trennepohl, Mr. and Mrs. Fred Walkendorf, Lewis Waggoner, and Mr. and Mrs. Jesse Winkler and son Muri. Instrumental music formed a good part of the entertainment.

Hail as big as dwarfed "hen" eggs fell Sunday afternoon and one of

the heaviest rainfalls of the season resulted during the day.

Mrs. A. L. Aldridge and Mrs. Rash G. Budd will entertain the Ladies Aid Society of the St. Paul's church at the home of Mrs. Aldridge on Tuesday afternoon.

Child-birth

Valuable Illustrated Book Sent Free

Now thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural adjustment of muscles and nerves during pregnancy and child-birth. Start using it today. Mrs. E. S. Kerger, Slayton, Minn., says "It pulled me through." Send for book today to Bradford Regulator Co., B.A.-33, Atlanta, Ga. "Mother's Friend" is sold at all drug stores.

Ford
THE UNIVERSAL CAR

ANNOUNCEMENT

of Interest to

MILLIONS of FAMILIES

"I WILL BUILD A CAR FOR THE MULTITUDE"
Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

TRACK AND FIELD
EVENTS—WRESTLING

NO NEW RECORDS ESTABLISHED YET

Track and Field Events in High School Circles Have Not Upset Former Records

PREPARE FOR STATE TOURNEY

Several Athletes Look Well in Preliminary Meets Held Among Various Schools

By HEZE CLARK

(Written for United Press)

Indianapolis, Ind., April 26.—So far this season there have been few records made by the Indiana High School track and field athletes that would indicate state records would be broken at the state meet to be held in Indianapolis, May 19. Each year of course, it becomes more difficult to set new marks in track and field athletics as the eighteen track meets held since 1904 by the Indiana High School Athletic association

have brought into competition some wonderful athletes. In 1922, at Richmond, Marks the famous Welsh high school all-around star was the only man who set a new record. Marks, however, the record made by Allison of Richmond high school at Lafayette, in 1909, in the 220 yards low hurdle.

It is interesting to note that at the first I. H. A. A. track and field meet was held in 1904, at Bloomington, that the old high school association records were with one exception better than the marks made in the first meet of the present high school association. But since that time all the records of the old association have been beaten.

At the Boone county meet, this year D. Bell of Whitestown put the twelve pound shot 44 feet 9 inches, which is unusually good for early in the season. Bell is a big athlete and it is said in training he has put the shot better than the state record. Turpin of Perry Central High school has done some over 20 feet in the running broad jump. It might be mentioned that D. Bell may surprise some of the best 440 yard runners.

DeVol, of Lebanon, pole vaulter

and jumper, should figure in the state meet this year. Cold weather and wet soft tracks have prevented fast running records so far this season. Mills of Noblesville and Martin of Manual Training, of Indianapolis, appear to be fast sprinters but their records fall far short of that made by Gray of Tipton, who finished his high school athletics last spring. Cliff of Technical and Meyers of Shortridge are good hurdle men. Bryan of Shortridge is doing as well as any half mile runner. Smith the Noblesville miler is fast if pushed. Smith also runs the 440 as does Mills of Noblesville. Hoppe of Manual Training high school is a fast quarter miler.

Yesterday's Home Run Hitters

Grimm, Pirates, 1-3.
Rice, Senators, 1-1.

EIGHT FACE LIQUOR CHARGES

Indianapolis, April 26.—Eight persons faced charges of liquor law violations here today following a round-up by police of a suspect list said to have been turned over to the authorities by the Ku Klux Klan.

RUSHVILLE HOPEFUL OF TAKING THE MEET

High School Track Team Will Take Part in Triangular Event at Connersville Saturday

WRESTLING OTHER ENTRANTS

The Rushville high school track and field squad of twelve men will take part Saturday afternoon in a triangular meet at Connersville, when the teams from that city, New Castle and here will be the participants.

The showing made last Saturday by Rushville, when they won the county tourney without much trouble, is believed to be proof that the team here will make a good showing at Connersville.

Coach Jones is confident that the local squad will take enough first and second places in the event to put across the required number of points. Connersville won the triangular meet last Saturday at Richmond.

between Dayton, Richmond and Connersville, but by comparison of the summaries, Rushville made better records than the Connersville winners.

Newbold is expected to take the pole vault, as he reached 10 feet 2 inches here last Saturday, and could have gone higher if pushed. Phillips will no doubt take first in the mile run, 100 yard dash and the broad jump; Pugh will be hard to beat on the high jump; Marshall makes fast time on the half mile and McNamara sets a good pace in the 440 yard dash. Rushville is weak on the hurdles, 220 dash and shot put.

SCOUT NOTES

Every Boy Scout in the city is requested to meet at the Main Street Christian church tonight at 7:00 o'clock.

D. R. MERRELL, Scout Leader.

New York.—They're going to call them "kibboes" instead of cake-eaters this year, it developed at the clothing show. Raiment for this species is more gorgeous than ever.

YANKS TIE WITH INDIANS

Tigers Defeat Of Cleveland Puts New York Up In League

New York, April 26.—Cleveland's second stroke of adversity in losing to Detroit Tigers brought New York Tanks up into a tie for first place and caused the only important change in the major league standing after yesterday's games.

The Cubs lost ground in the National League race by dropping a game to the Pirates while the Giants were idle.

Detroit's victory and the defeat of the Athletics by Boston pushed the Tigers into third place and dropped the Athletics to fourth.

The Pirates provided one of the features of the day by stopping the Cubs after they had won seven straight games.

The Score Board

Singles in the ninth inning by Duncan, Roush, Bressler and Pinelli produced three runs and gave the Reds a 3-1 victory over the Cards.
Joe Sewell's error, two infield outs and a wild pitch by Uhle in the ninth inning scored Cutchaw with the run that enabled the Tigers to beat the Indians 2-1.

Carey's triple, Bigbee's single, a pass to Russell, Tierney's triple and a home run by Grimm gave the Pirates five runs in the fifth inning and a 7-3 victory over the Cubs.

Sam Rice scored Washington's only tally with a home run and the Yanks behind the fine southpaw pitching of Herb Pennock won the game 7-1.

One run in a rally in the eighth inning was all that the Athletics could get off Ferguson and the Red Sox won 3-1.

Head, rookie pitcher from Hartford, held the Braves to five hits and the Phils won 3-2.

SPORT CHATTER

New York.—Every time Babe Ruth hits a homer during May New York lawyers will contribute a thousand dollars to the Salvation Army drive, it was announced by Congressman F. H. Laguardia.

New York.—Jack Dempsey and Jack Kearns will be back in New York early next week, according to a message received here from Kearns. Dempsey is expected to sign for a bout this summer soon after his arrival.

FITZGERALD FUNERAL

The funeral services for Mrs. Belle Fitzgerald, wife of Thomas Fitzgerald, who was found dead in bed Wednesday morning at their home east of Falmouth, will be held Friday afternoon at two o'clock at the Fairview church, and with interment in the cemetery nearby.

ANNOUNCING

Our Co-Operation
in the New

Ford Weekly Purchase Plan

Following out our policy of extending the facilities of these banks in whatever way we can to serve the public, we have arranged to give our co-operation to the new Ford Weekly Purchase Plan.

We realize what the automobile means to the average family in bringing them greater enjoyment of life, and believe our action in helping those who desire to become Ford owners will be appreciated by many families who can now realize that ambition through the new Ford Weekly Purchase Plan.

Under this plan, you can begin with an initial deposit as low as \$5.00. Then select the type of Ford Car you want—Touring Car, Runabout, Coupe, Sedan, etc.,—and arrange to make weekly deposits on which interest will be computed at our regular savings rate.

Come in and let us explain the Ford Weekly Purchase Plan to you, or, if you wish, go to the nearest Ford Dealer for further details.

Start today, and before you realize it you will be driving your own car.

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 26.—England will make a powerful bid for the championship of the next Olympic games in Paris if home interest and substantial financial backing mean anything in the development of a team.

The British Olympic Association set about raising a fund of \$150,000 some time ago to finance the organization and transportation of a team to Paris and with little effort \$50,000 has already been subscribed. The committee is confident that the remaining two-thirds of the desired sum will be donated before the end of this year.

Some political troubles, such as were experienced in the United States, caused a lot of discontent over the showing made by the British team at Antwerp in 1920 and it reached such a stage that some suggestions were made that England withdraw from all future Olympic contests.

Inefficient management in the organization of the team was given as the reason for some belief that England was not represented by the strongest team that could be recruited in the country. The same criticism was directed at the managers of the American team who left behind several fine athletes because sectional politics demanded some less capable athlete in their places.

All the difficulties seemed to have been overcome in England and the whole country is getting behind the team. King George had agreed to act as patron of the team and the Prince of Wales, the Duke of York and Prince Henry will act as vice-patrons. Lord Cadogan has been appointed chairman of the committee under the president the Duke of Sutherland.

The Rebekah Lodge will meet in regular session Friday night at the hall in West Second street. The meeting will be called at 7:30 o'clock.

Mr. and Mrs. Ferd Retherford entertained the members of the Pitch-in Five Hundred club Wednesday evening at their home in North Main street. A delicious supper was served the guests and the card games were pleasantly enjoyed.

Mrs. Claude Tompkins was hostess to the members of the Embroidery Club this afternoon at her home in Glenwood. The ladies enjoyed the afternoon over their needlework and delicious refreshments were served.

A delightful evening was enjoyed Wednesday evening at the dance at the K. of P. lodge given under the auspices of the Pythian Sisters. Approximately thirty-five couples attended the dance, the McGinnis orchestra furnishing the music. Lunch was served during the evening.

"Ducelle Brown Bantam Boys" of Indianapolis furnished splendid music for the dinner dance given Wednesday evening at the Social Club. A delicious course luncheon was served at the beginning of the affair, to about thirty-five couples. The remainder of the evening was enjoyed with the dance.

A good attendance was present at the business meeting and social held by the B. Y. P. U. of the First Baptist church in the basement of the church Wednesday evening. Following an important business meeting the guests spent the remainder of the evening with games and contests and a delicious luncheon was served.

Mrs. Charles Newhouse was a gracious hostess to a prettily appointed dinner party Wednesday at high noon at her home south of Glenwood. The dining table was gaily decorated with pink candles in crystal holders and a bouquet of pink hyacinths. Covers were laid for Mrs. Thomas Bishop and son Thomas, Junior, Mrs. J. E. Walther Mrs. A. J. Britt, Mrs. J. A. Fisher and Miss Clara Dora.

John Greenleaf Whittier was the subject for discussion at the meeting of the American Literary Club Wednesday afternoon, when the club was delightfully entertained at the home of Mrs. Harry Clifford, northeast of the city. The answers to the roll call were quotations from the American author and Mrs. Martha Grindle gave an account of Whittier's life and selections. Mrs. Dugal gave a reading entitled "Snowbound," a poem written by Whittier. The interesting program closed with an original story by Mrs. Clifford. In the serving of the delicious refreshments during the social hour the hostess was assisted by Mrs. Ed Billings. Mrs. Matney and Mrs. Kennedy were appointed delegates to the district meeting of Federated Clubs to be held in Brookville.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 20c.

Fresh Oysters & Fish
Madden's Restaurant
BEST LUNCH AND MEATS
103 West First Street

Mr. and Mrs. George Craig of this city, have received the announcement of the marriage of their son, Robert Craig, to Elva Boyer, which took place in Philadelphia on April 12. The former Rushville boy was only recently discharged after serving a four year enlistment in the United States navy. They will reside permanently in Philadelphia, where Mr. Craig is employed.

A basket dinner and a program has been arranged for the patrons, teachers and scholars of the Glenwood school for Friday, when the closing day will be observed. The basket dinner will be served at the noon hour, and the program listed below, will be given at 1:30 in the afternoon:

Song, "America, the Beautiful"—School.
Invocation, Rev. F. T. Taylor.
Song, "Apple Blossoms"—4th and 5th grades.
Song, "Learn All You Can Every Day"—High school.
Song, Primary grades.
Song, "Welcome, Sweet Spring," 6th and 7th grades.
Duet, Miss Parrish, O. P. Wamsley.
"Blest be the Tie that Binds"—audience.
Benediction.

DENIES HIS WIFE IS THE HAMMER SLAYER

Jesse C. Carsen Offers Proof of Innocence of Himself, His Wife and Her Sister

MARRIED WOMAN IN 1913

(Copyright 1923, by United Press)
(Copyright in Canada)

Tegucigalpa, Honduras, April 26—The complete story of the woman held in jail here as Clara Phillips, the "hammer slayer" of Los Angeles, was told today by Jesse C. Carsen, who claims to be her husband.

In his cell at the National penitentiary, Carsen in an interview offered proof of the innocence of himself, his wife and the Mrs. Young, who are being held for United States authorities.

"I know nothing of Clara Phillips except through the newspapers," he said earnestly. "It is ridiculous to think that my wife is a murderess."

Carsen admitted that he knew little of his wife's sister, Mrs. Young, "except that she lived in Poughkeepsie, N. Y." (Previous dispatches indicated Mrs. Young was suspected of being Clara Phillips).

He said he had complete documents in his trunk to prove the identity of all of them.

The striking resemblance of Carsen to the description of a man wanted in Los Angeles was clearly noted.

"I am innocent of the crimes of which they accuse me," the supposed husband of the "tigeress" declared.

Carsen said he married the woman arrested as Clara Phillips in November, 1913, and that he is the representative of American capitalists who are seeking investments in Central American enterprises.

Unconscious

Zoe Gariand, vanderbilt actress, who was removed to a hospital after being found unconscious on the pavement in front of a New York apartment. Her head was bruised. Police are puzzled as to the cause of the attack.

POLICY ABROAD TO TAKE PRECEDENCE

International Relations To Be Principal Topic At League Of Women Voters Convention

IN INDIANAPOLIS MAY 1-3

Activities Of Approximately 100 Local Leagues Will Receive Much Attention

The question of international relations will take precedence over all other topics of discussion at the fourth annual convention of the Indiana League of Women Voters, to be held at the Claypool hotel, Indianapolis, May 1, 2, and 3, according to the program which has been made public by the League. A mass meeting will be held on the opening evening, with Miss Ruth Morgan of New York, chairman of the national League's committee on international cooperation to prevent war, as the principal speaker. Miss Morgan has declared herself in favor of the entry of the United States into the world court of the League of Nations, and her address will be in support of her viewpoint. She will be followed by Professor Robert Phillips of Purdue University who will present an impartial review of the European and American situation. Within the ranks of the League are ardent supporters of opposite views on the world court question, so that it seems certain there will be spirited discussions during the sessions. Mrs. George S. Gellhorn of St. Louis, formerly vice president of the National League of Women Voters and editor of the Missouri League publication will be the speaker at the convention banquet Thursday evening. Mrs. William G. Hubbard of Winnetka, Ill., regional director of the national organization will be an honor guest and speaker also. Presidents of local leagues will make brief speeches at a dinner Wednesday evening. Activities of the approximately 100 local leagues will receive much attention throughout the sessions. Dr. W. W. Black, head of the education department of Indiana University, will speak Wednesday afternoon on the county unit plan for schools. The outstanding social affair will be a garden party Wednesday afternoon for the convention delegates at the country home of Senator elect and Mrs. Samuel M. Ralston.

Officers of the League are as follows: Mrs. Walter S. Greenough, Indianapolis, president; Mrs. Harry McMillen, of Aurora, Mrs. Charles A. Carlisle of South Bend and Mrs. Ella B. Kehrer of Anderson, vice presidents; Mrs. William T. Barnes, Indianapolis, recording secretary; Mrs. Chester A. Evans, Bloomington, treasurer.

While the great bells of Parliament square pealed the nation's joy at the union and millions sent up a thunder of cheers, the modest Scotch lassie who had entered the Abbey a commoner emerged, Cinderella-like on the arm of her smiling husband, fourth lady of the land.

At the wedding breakfast at the palace following the ceremony, King George dubbed the bride "Your Royal Highness" and Lady Elizabeth became next in rank to Queen Alexander and the Princess Mary.

And just at the moment when the blushing bride and the popular straight-backed young duke stepped from the massive Abbey doors and started for their carriage, the sun, hidden two days behind disheartening clouds and showers, burst forth its rays striking upon the shimmering sheen of the wedding gown.

The five hundred toned bells of Westminster set up the pealing they maintained for three and a half hours and the Duke carried away his bride on a long ride through London street where several millions saw them pass.

The wedding breakfast, the reception at Buckingham Palace and Bertie and Betty—despite the latter's new dignity—because just a happy pair of newly married lovers, off on a honeymoon to Polesdon Laacy, in Surrey.

The great day dawned raw and misty, intermittent showers drenching the hundreds of thousands who had taken up positions of vantage in parliament square or along the wedding route. But undismayed, at an hour long before royalty or the nobility that played its more intimate part in the ceremony was disturbed, the people sang songs and warmed themselves with flares, it was a British holiday.

Decorations, festoons, streamers, pennants, and flags that made the city along the route to be taken by the bride and groom a blaze of color hung dejectedly in the morning moisture but the ardor of the lions and throngs could not be dampened. Other hundreds of thousands came pouring to join them with the daylight, until it seemed millions of people must be moving toward the abbey.

The long wait throughout the morning for crowds between the palace and Parliament square was broken by the merriment of street performers who were shooed away nervously shortly before 11 o'clock. At exactly eight minutes past, the big gates before the palace swung open and the king and queen, accompanied by Prince George, still a younger son than the Duke, drove

Columbus—Because Brown county council refused to appropriate money to replace the log cabin jail, prisoners will continue to go to the Johnson county jail.

Silhouettes for Spring

There are six accredited silhouettes for spring, but the Egyptian silhouette is newest of all. It is marked by front drapes and front panels. To increase the Egyptian effect of the silhouette fashion had added Egyptian accessories—embroideries, jewels, buckles and printed designs for fabrics.

Duke of York and Lady Elizabeth Bowes-Lyon Are Married at Noon

While Great Bells of Parliament Square Peal England's Joy and Millions Send Up Thunders of Cheers, Modest Scotch Lassie Emerges From Westminster Abbey, Fourth Lady of the Land.

By CHARLES M. MCCANN
(U. P. Staff Correspondent)

London, April 26.—The Duke of York and Lady Elizabeth Bowes-Lyon were married at noon today in Westminster Abbey.

While the great bells of Parliament square pealed the nation's joy at the union and millions sent up a thunder of cheers, the modest Scotch lassie who had entered the Abbey a commoner emerged, Cinderella-like on the arm of her smiling husband, fourth lady of the land.

At the wedding breakfast at the palace following the ceremony, King George dubbed the bride "Your Royal Highness" and Lady Elizabeth became next in rank to Queen Alexander and the Princess Mary.

And just at the moment when the blushing bride and the popular straight-backed young duke stepped from the massive Abbey doors and started for their carriage, the sun, hidden two days behind disheartening clouds and showers, burst forth its rays striking upon the shimmering sheen of the wedding gown.

The five hundred toned bells of Westminster set up the pealing they maintained for three and a half hours and the Duke carried away his bride on a long ride through London street where several millions saw them pass.

The wedding breakfast, the reception at Buckingham Palace and Bertie and Betty—despite the latter's new dignity—because just a happy pair of newly married lovers, off on a honeymoon to Polesdon Laacy, in Surrey.

The great day dawned raw and misty, intermittent showers drenching the hundreds of thousands who had taken up positions of vantage in parliament square or along the wedding route. But undismayed, at an hour long before royalty or the nobility that played its more intimate part in the ceremony was disturbed, the people sang songs and warmed themselves with flares, it was a British holiday.

Decorations, festoons, streamers, pennants, and flags that made the city along the route to be taken by the bride and groom a blaze of color hung dejectedly in the morning moisture but the ardor of the lions and throngs could not be dampened. Other hundreds of thousands came pouring to join them with the daylight, until it seemed millions of people must be moving toward the abbey.

The long wait throughout the morning for crowds between the palace and Parliament square was broken by the merriment of street performers who were shooed away nervously shortly before 11 o'clock. At exactly eight minutes past, the big gates before the palace swung open and the king and queen, accompanied by Prince George, still a younger son than the Duke, drove

WILL LEARN FATE FRIDAY

Gary and Lake County Officials Will Hear Rulings on New Trials

Indianapolis, Ind., April 26.—Mayor Rosewell O. Johnson of Gary and fifty-four other Gary and Lake county officials and residents of the callumet region, found guilty of conspiracy to violate federal prohibition laws by a jury in federal court March 31, will learn their fate tomorrow.

At that time Judge Ferdinand A. Geiger, of Milwaukee, who heard the cases, will rule on motions for new trials and arrest of judgment.

In the event he denies the motions, it is believed he will impose sentences immediately.

The cases of five defendants who entered pleas of guilty will also be disposed of.

-step to the phone now and have your washing out of the way in 15 minutes

You can—many of your friends and neighbors have adopted this sensible new way washing—

Every week they have us call for their family bundle; the 15 minutes or so spent in gathering up the washing is all that remains of the tiring, old-time wash-day.

We wash everything with rainsoft water, and pure mild soap. And the cost of this saving, sanitary service is only a few cents per pound—much less than it would cost to have a woman come in and wash for you. In addition, you are saved all the bother and annoyance of overseeing and picking up after a laundress.

The average washing Rough Dry costs from 90c to \$1.00. Figuring 52 weeks for a year at \$1.00 a week your washing costs you \$52.00. Why spend \$75.00 or \$100.00 for a washing machine. We save you the cost of soap, blue, starch, water, electricity, gas, and your time and worry, say nothing about the muss around the house.

Washing machines do not carry the clothes out to the line, and in the house again. Neither do they carry the water. Let us buy the washing machines and do your washing. When the machine wears out, or any parts break, that is our expense, not yours.

Step to the phone now and have us call.

DEFINES PURPOSE OF BLUE SKY LAW

Maurice Mendenhall, Director of Commission, Shows How Law Has Helped in Three Years

NOT PERFECT IN ALL WAYS

Object is to Prevent Fraud in Sale of Stock, And Afford Buyer Honest Securities

By MAURICE MENDENHALL
Director of Indiana Securities Commission

(Written for United Press)
Prior to Nov. 13, 1920, the great Hoosier State was a nationally known "Paradise" for the "Blue Sky Promoters". Neighboring states had already arisen to the emergency and had enacted into law, statutes which were designed to prevent fraud in the sale and disposition of stocks, bonds and other securities and had set up agencies of government to administer these laws. The heartless promoter generally follows the lines of least resistance and the lack of resistance in Indiana had attracted thousands of these parasites on society to this state.

A comparison of conditions today with conditions as they existed prior to the enactment of the Indiana Securities Law will cause a true appreciation of the merit of this type of law.

It is not claimed that the Indiana Securities law is a perfect piece of legislation and it is admitted that certain changes in our present law would make more effective its enforcement, administration, and value to the public. Realizing the importance of this situation, the Indiana Securities Commission State Chambers of Commerce, Indiana Bankers associations, Better Business Bureaus, prepared and endorsed certain amendments to our present law and submitted them to the last session of the legislature. The amendments passed the senate on 2 different occasions, but failed in the House of Representatives. The responsibility for improved legislation, must, therefore, rest with the individuals, who were responsible for the failure of the measure. Nevertheless, the results of the administration of our present law have been wholesome.

If the reader will compare conditions of today with those of three years ago, he will appreciate the economic value of this law. In those days 25 to fifty percent commissions for the sale of stocks were the prevailing rule, and it was not unusual for the greater percent of the issued stock to be issued to promoters for "faithful" and "imaginary" services.

STATEMENT TO AUDITORS

Right Of Taxpayers To Refund Not Established In Marion County Case

Indianapolis, Ind., April 26.—Rights of individual taxpayers to a refund of taxes paid for 1919 will not be conclusively established by subsequent action in the Marion county courts in a case against the auditor of Marion county, according to a statement sent today to all county auditors by the state board of tax commissioners.

The case was filed to prevent the auditor from entering on the tax duplicates increases ordered by the board in equalizing assessments for 1919. It was reported that William Bosson, who brought action against the auditor had written taxpayers over the state advising them to file for a refund of taxes.

The case will not effect individual rights of refund, the state board holds.

worthless leases or other intangible assets of little or no value. Three years ago the average investor stood little or no chance to profit by his investment. Those days, it is hoped, are gone forever. It is the purpose of the Indiana Securities law to prevent fraud in the sale and disposition of securities and afford the purchaser of securities an honest chance to realize a profit through his investment.

THE HOME GARDEN

AN ALL-YEAR VEGETABLE

The oyster plant, vegetable oyster, or salsify is now in the market from last year's gardens, being one of the few vegetables that remains in the ground over winter and is harvested as soon as it can be dug in the spring. The oyster plant has a delicate flavor and should be grown more freely and doubtless would be if people were more familiar with it.

One of its disadvantages is that when cleaned it gives off a milky juice, the root turns black and is unwholesome looking when cooked. This fault is obviated by cleaning and scraping the roots in water in which a little vinegar has been placed and in allowing the prepared roots to stand in cold vinegar water until it is time to cook them when they may be rinsed off and the dark discoloration will not destroy their appearance. They are best either creamed or fried in butter.

Salsify may be sown as soon as the ground can be worked in some out of the way corner of the garden as it needs a full season's growth and even then does not make an overly large root. It is often allowed to grow so thick that the long slender roots have little chance to develop. It should be thinned in a variety of soils but responds to cultivation. The mammoth Sandwich Island is a favorite variety with larger roots than some of the older sorts.

SALSIFY OR VEGETABLE OYSTER. CULTIVATE SAME AS RADISHES. CAN BE LEFT IN GROUND THROUGH THE WINTER AND DUG WHEN WANTED FOR TABLE USE.

It may be harvested in the late fall and placed in the cellar, but the root seems tenderer and better flavored when allowed to remain in the soil until early spring. It is used in soups in the same manner as oysters, its flavor being somewhat suggestive of that popular mollusk.

It may be sown as a follow crop to some of the earliest vegetable such as spinach and lettuce and radishes.

BITS OF PROSPERITY FROM ALL OVER INDIANA

Richmond, Ind., April 26—Improvements at the Eastern Hospital for the Insane, which since during the war, will be made this year at a cost of \$200,000, says Dr. H. E. Smith, superintendent. These include a power plant, costing \$175,000 and a cottage for women inmates costing \$30,000.

Winchester, Ind., April 26—Winchester is to have a new \$100,000 addition to its high school, the improvement including new class rooms, a rest room and a gymnasium. The contract has already been let, for work to get underway with the close of school.

Anderson, Ind., April 26—Two hundred more workmen will be employed at the Anderson Foundry and Machine Company's plant here with the completion of the building program, to be completed this summer with the erection of three structures of 41,000 feet of floor space.

Indianapolis, Ind., April 26—Production at the Cole Motor Car Company's plant here is 80 percent greater than a year ago, yet the plant is a month behind with orders, according to company officials.

Ft. Wayne, Ind., April 26—The city board of works has let a contract for a dam across the Maumee river, and its completion in a year at a cost of \$200,000, will be the final link in the extensive work toward flood prevention which started after the flood of 1913.

Gary, Ind., April 26—The park board has prepared plans for a restaurant building, a pavilion and a skating rink on the lake front the total estimated cost of the structure being \$100,000.

Anderson, April 26—Wage increases to workmen at the steel mill here become effective May 1, the advances having been made by the company without any demands coming from the men. Company officials report a large number of unfilled orders, and the working force has been added to in all branches of the mill.

Indianapolis, April 26—The Sinclair Oil Company has announced a \$200,000 improvement program, which includes the construction of 25 filling stations in the city. In the past, the company has confined its business to the wholesale trade. Work of six stations begins this week.

Lebanon—Slaughter of untagged dogs is under way. It isn't the dog's fault but the untagged canine pays for his master's neglect.

Greenfield—Albert T. Hansen, weed specialist from Purdue, will give instruction to farmers on eradication of harmful weeds.

SPECIAL-SIX TOURING \$1275

Wherever motor cars are discussed, and that's nearly everywhere, somebody is sure to remark—"That Studebaker Special-Six is a regular automobile."

The Studebaker Special-Six has been on the market for four years. Each year has seen added to it such refinements and improvements as time has made possible. Today there are more than one hundred and twenty-five thousand in every-day service and we don't believe there's a dissatisfied owner.

The name was selected because comparative tests against all kinds of cars made this car stand out as something special and apart from the ordinary run of automobiles. It requires special merit to warrant calling any car a special—and if the value isn't special the car quickly fades away.

Count the "Special-Sixes" that have appeared since the arrival of the Studebaker Special-Six. That's the proof of the value of the original Special-Six.

THIS IS A STUDEBAKER YEAR

A BACKWARD SPRING HAS ITS ADVANTAGES

Frank N. Wallace Predicts That Indiana Will Have a Splendid Fruit Crop This Year

INSURES SLOW DEVELOPMENT

Indianapolis, Ind., April 26—The late spring condemned by many who may wish to shift from winter to summer apparel has its advantages as well as its discomforts, according to Frank N. Wallace, entomologist for the state conservation department, who predicts that account of a backward spring Indiana will this season enjoy a splendid fruit crop.

Weather conditions have prevented trees from budding and insured slow development of a setting of the crop which, in seasons past when it came early, usually was damaged by killing frosts and freezes, Wallace says. Only in the extreme southern counties, and even there trees are not in heavy bloom yet.

Indiana annually produces a splendid variety of apples, peaches, plums, cherries and some pears. In late years the orchard business has progressed and lands formerly idle as regards agricultural crops, now are producing high grade fruit. Wallace advises growers to see that spray outfits are in perfect running order, and to purchase spray materials early and have them on hand when ready for use.

Crippled by Corns? Use "Gets-It"

World's Greatest Corn Harvester
Everybody, everywhere needs to know what millions of folks have already learned about "Gets-It," the guaranteed painless corn and callous remover. Any corn, no matter how deep rooted, drops quickly when "Gets-It" arrives. Wonderfully simple, yet simply wonderful, because all soreness stops with the first application. Get rid of your corns and wear shoes that fit. Costs but a trifle—everywhere; nothing at all if it fails. E. Lawrence & Co., Mfr., Chicago.

TAXES AVERAGE \$100 PER CAPITA

Persons Living in Cities of 30,000 or More Pay Large Sums to Support Government

EDUCATION BIGGEST ITEM

Statistics Obtained From Large Cities, Showing Where Taxpayers Spend Their Money

New York, April 26.—"The annual cost of government to each man, woman, and child who lives in a city of 30,000 or more inhabitants is nearly \$100, divided as follows: Federal Government, \$35.47; state government, \$9.46; county government, \$6.91; city government, \$44.32, a total of \$96.16. If these costs of government were averaged among the workers, instead of being computed on a per capita basis, the result would be an annual levy of \$240 on every worker, from bootblack to banker."

This statement is contained in the current edition of The Budget, the monthly publication of the National Budget Committee.

"On the basis of average earnings of \$1,500 annually," the article continues, "the tax-collectors—Federal, state, county and city—exact about 16 percent of all the city worker earns, as compared with about 14 per cent for the entire county, including both city and rural workers."

"Measured in terms of labor, the city-dweller contributes 58 days each year to government, as compared with about 50 days for the average worker, including rural dwellers. The toll of the man who lives in the country is about 45 days."

Maintenance of public schools is the largest item of expenditure in city government. Averaging this cost in all cities, the per capita levy upon city dwellers, according to this computation is \$10.25 annually. This figure applies, of course, not only to adults, but to children, whether they are in school or not.

Pasadena, California, topped the list with a per capita cost of \$19.29. The figures for some of the leading cities as given are: New York, \$12.32; Chicago, \$8.89; Philadelphia,

\$7.73; St. Louis, \$9.40; Los Angeles, \$14.82; Pittsburg, \$11.82; San Francisco, \$8.20; Buffalo, \$13.03; Washington, \$11.87; Cincinnati, \$11.01; New Orleans, \$4.72; Minneapolis, \$11.58; Seattle, \$12.40; Indianapolis, \$8.43; Rochester, \$11.16; Birmingham, Ala., \$4.98; Bridgeport, Conn., \$10.29; Salt Lake City, \$12.45; Cambridge, Mass., \$10.99; Yonkers, N. Y., \$15.23.

Police protection in American cities cost the residents an average of \$13.15 apiece. The cost was greatest in Jersey City, where it was \$5.69 for each inhabitant and next in Boston, with \$4.77. It was lowest in Portsmouth, O., where it was but 50 cents. In some of the other large cities, the per capita cost was as follows: New York, \$4.14; Chicago, \$4.01; Philadelphia, \$4.05; St. Louis, \$3.92; Los Angeles, \$2.46; Pittsburg, \$3.11; San Francisco, \$3.66; Buffalo, \$4.05; Washington, \$3.89; Cincinnati, \$3.16; New Orleans, \$1.51; Minneapolis, \$1.83; Seattle, \$3.24; and Indianapolis, \$2.37.

The fire department cost the average city dweller, \$2.57. The per capita cost was highest in Hoboken, N. J., where it reached \$4.79. In Holyoke, Mass., it reached \$4.70. Some other per capita cost of maintaining the fire department were: New York, \$2.57; Chicago, \$1.99; Philadelphia, \$1.69; St. Louis, \$2.17; Boston, \$3.66; Los Angeles, \$2.35; Pittsburg, \$3.14; San Francisco, \$3.95; Buffalo, \$3.92; Washington, \$2.92; Cincinnati, \$2.82; New Orleans, \$1.78; Minneapolis, \$2.56; Seattle, \$4.26; Indianapolis, \$2.67; Denver, \$2.02; Omaha, \$3.81; Grand Rapids, \$3.65; Trenton, \$2.33. The lowest per capita cost was recorded in Chester, Pa., where it was 57 cents.

Conservation of health reached its highest cost in Poughkeepsie, N. Y., where it amounted to \$2.51 for each inhabitant. Lancaster, Pa., and Waterloo, Ia., were tied for low cost, with nine cents per capita. In New York, the per capita cost was 85 cents; Chicago, 86; Philadelphia, 49; St. Louis, 47; Boston, \$1.07; Pitt-

burg, \$1.14; Buffalo, \$1.26; Los Angeles, 56 cents and San Francisco, 42 cents. The average per capita cost for all cities was 71 cents.

Why does the man always late at his office have his wife under his thumb? Because he misses the train and trains the Mrs. The Mrs. misses good things, if she fails to trade with E. R. Casady.

While a man in the undertaking business often makes a grave mistake, people in the getting well business often make a grave mistake, by not trying chiropractic from Monks & Monks.

Going over the books of an embezzler and tailoring for some women—is the same thing—Trying to get something out of false figures. Get our figures in making right your auto when it needs repairing. Wm. E. Boweh.

The man who wishes to marry and have a large family should avoid a telephone girl—unless he wishes to wait a long while to get any number. For numerous rings, call on Abercrombie Bros., Jewelers.

The man who borrows a razor and fails to return it, is not even a razor back hog. Any kind of an animal gains when fed on Purina Pig Chow from Rushville Feed and Poultry Supply Store.

When an egg is thrown at an actor, it is meant for him to beat it. When an auto comes your way, don't try to beat it, if it's a Chevrolet from John A. Knecht.

Some women make up their minds to stay in. Others make up their face to go out. When they make up their minds to go out, they usually turn their face to L. L. Allen's.

Why Do Hogs Root?

HOGS don't root merely "for the fun of it." They are after something that their present ration lacks. And every day they root, they are NOT putting on weight as fast as they otherwise would—they are cutting down your profits.

Ringling is not the profitable way to stop rooting—ringing does not get at the causes. A ringed hog WANTS to root just as much as ever—for he still needs essential, body-building mineral elements to balance his ration.

KINGSBURY'S Mineral Hog Feed gives your hogs the very mineral elements they need to

build bone and tissue—the very elements that they seek in rooting. Rich in phosphorus, sulphate of lime, calcium and other important minerals—based on Purdue's formula—KINGSBURY'S Mineral Feed insures bigger frame, higher vitality, better appetite and more rapid gain in weight.

Give your pigs a chance to make the most money for you! Let them have the minerals which will build a BIG FRAME. You can put more weight on a big-frame hog. Get that extra profit! Buy a bag of KINGSBURY'S Mineral Hog Feed from your dealer at once.

KINGSBURY'S is an accurately-mixed mineral ration ready for your self-feeder. And you can get it at the right price—no fancy canvassers' selling commissions to pay, no long-distance freight rates and warehouse charges. Your own, dependable dealer has KINGSBURY'S. See him!

HENRY FORD WILL MINE OWN COAL

Coal Strikes of Future Will Not Retard Manufacture of Ford Products Under Plans

PROPERTIES INCORPORATED

Among First Coal Properties Purchased by Motor Company Were Dexcar Mines at W. Virginia

Detroit, April 26—Coal strikes of the future will not retard manufacture of Ford products under plans already adopted by Henry Ford.

Coal properties, acquired during the past two years by the Ford Motor Company, have been placed under direction of the Fordson Coal Company, recently incorporated under the laws of Delaware. These properties, according to a conservative estimate of Ford engineers, consist of a coal reserve of about 600,000,000 tons and about 700,000,000 feet of timber. The largest timber holdings were obtained with the purchase of the Peabody coal lands in southern Kentucky, where, it is estimated, there is about 500,000,000 feet.

Orders for the construction of more than 1,000 coal cars of 55 ton capacity already have been issued by the new company. These cars will be operated directly between the Ford mines and automobile plants over Ford's railroad, the Detroit, Toledo and Ironston.

The recent purchases of the coal and timber lands is in accordance with Ford's plans to gain control of every step of manufacture, from the basic raw material to the delivery of the finished product and thereby gain the highest quality at the minimum production cost.

Among the first coal properties purchased by the Ford Motor Company were the Dexcar coal mines at Twin Branch, W. Va. This property was bought last November and thereby gave the company nearly 18,000,000 tons of high quality coal, adaptable to both by-product and steam purposes. These mines employ about 450 men and have a daily capacity of about 2,000 tons.

Next, the Ford Company purchased the Pond Creek properties in eastern Kentucky, near Williamson, W. Va. It is estimated there is about 300,000,000 tons of available coal at these mines which are operated through eleven openings. About 7,000 tons of coal are produced daily at these mines, by about 1,000 men.

Purchase of the Banker Fork mine added about 12,000,000 tons of high volatile by-product coking coal to the company's interests. This mine employs about 400 men and has a daily production of 3,000 tons.

The Nuttallburg mine at Nuttallburg, W. Va., now owned by Ford, has a daily production of 1,000 tons and employs about 250 men.

SEXTON

Mrs. Marion Pratt visited in New-castle Tuesday.

Mr. and Mrs. William Kiser and daughter spent Sunday in Connersville.

Mr. and Mrs. Ralph Conner, Mrs. Brock and Delbert Hobbs spent Sunday with Mr. and Mrs. J. N. Kirkpatrick.

Mr. and Mrs. Laverne Dunn were guests of Mr. and Mrs. Dayton Barber in New Salem Sunday.

U. S. SHRINERS IN ATHENS

Athens (By mail to United Press).—Bishop Darlington of the Pennsylvania Diocese headed a party of forty American Shriners who landed at Athens from the big tourist liner Rotterdam and who accepted the hospitality of Ralph Knapp Director of The Near East Relief Association. A Masonic service was held on Mars Hill, near the Acropolis, where Bishop Darlington read the seventeenth chapter of The Acts, containing the sermon preached on the same spot by St. Paul nineteen centuries ago.

Peru.—After 30 years, the town of Converse has paid a debt of \$10,000 on its water works. Interest amounted to more than the debt.

Fighting Firewater With Fire

When revenue officers came across this moonshining outfit in St. Mary's county, Md., near the national capital, they decided the best way to put it out of commission was to set it afire.

MAY TRY TO INVALIDATE ACT

To Attempt To Exempt Use Of Firearms With Liquor Transportation

Indianapolis, Ind., April 26.—Possibility that attempts will be made to invalidate of Indiana's 1923 liquor transportation act on a question of its comprehensiveness of title was expressed today by state officials who have been watching a case to be heard in the Putnam circuit court May 12.

Glen Lyons prosecuting attorney of Putnam county, conferred with Mrs. Edward Franklin White, deputy attorney, recently, regarding defense of the law he plans to offer at the trial.

Lyons said he anticipated an attempt to exempt the use of firearms with liquor transportation on grounds that the act's title is confined to the words "concerning intoxicating liquors."
